In re: SHIN et al : DECISION ON REQUEST LICENSING & REVIEW
Serial No.: 09/574,541 : UNDER 37 CFR 5.25
Filing date: 5/19/2000
Docket No: AB-975 US

Title: SEMICONDUCTOR PACKAGE AND METHOD FOR FABRICATING THE SAME

In view of the communication(s) filed September 29, 2000, it has been determined that a retroactive license for foreign filing under 35 U.S.C. 184 be granted with respect to the filings listed below. The petition complies with 37 C.F.R. 5.25 in that there is an adequate showing that the subject matter in question was not under secrecy order, that the license was diligently sought after discovery of the proscribed foreign filing, and that the material was filed abroad without the required license under 37 C.F.R. 5.11 first having been obtained through error and without deceptive intent.
